Performance Measures

Technical Support for Postsecondary Students with Disabilities Coordinating Center (TPSID-CC)

P407B

1. The percentage of inclusive comprehensive transition and postsecondary programs assisted by the TPSID-CC that meet evidence-based, center-developed standards for necessary program components, reported across each standard; and
2. The percentage of students with intellectual disabilities who are enrolled in programs assisted by the TPSID-CC who complete the programs and obtain a meaningful credential, as defined by the TPSID-CC and supported through empirical evidence.
3. Other

Each FIPSE program has between 1 and 10 categories, or Absolute Priorities, that Performance Measures must fall under. Grantees should strive to ensure that all prescribed categories are represented by the work being performed on the grant.

If you have a performance measure that does not fit neatly into one of the prescribed categories, you may select the "Other" category. The Other category is optional and simply provided for your convenience; you are not required to use it.

Grantees should strive to ensure that all prescribed categories are represented by the work being performed on the grant. However, you will be able to submit your report even if all categories are not addressed.
